

Swiss-Group

Newsletter July / August 2017

With this July-August 2017 edition, we are keeping you updated about our actions:

- Regular distributions of various financial supports
- Summer Actions
- News from Rime
- Our various projects

Happy reading.

Presentation

- Two Swiss-Group's members went to Rime's bedside during her surgery. We also met several orphans.
- The little orphan girl in the photo has only one arm. She was bombed in the Aleppo region. We are awaiting news for adoption.

Traveling to Gaziantep

- Rime underwent her first reconstructive surgery; 3 other surgeries are scheduled during the next 4 months.
- Rime and her family were able to move to a larger house. Her family is made up of 4 brothers, including 3 with burns, her grandmother and grandfather. The house is almost substandard, but it's better!
- We funded the renovation of the toilets, provided a washing machine (essential for Rime's hygiene) and a Butagaz for cooking.
- We also funded two months of taxi transportation for Rime's hospital visits.

Rime and her family thank you all for your generosity.

Rime

- Support by Swiss-Group of 4 new orphans
- Distribution of clothing
- Distribution of books, pencils and toys
- Purchase of gifts for Rime and her brothers
- Visit to a school for orphans and allocation of grants
- Meeting at home of several orphan's families
- Purchase of several sheep which were distributed in Aleppo during Eid

Other actions

We are looking for donations for a volunteer mission in the Syrian refugee camps in Greece. We are collaborating with a European organisation of young dentists who will be going to these camps in October in order to provide first aid in dental emergency.

We do not have much time...

We would like to raise the sum of \$ 2,000 to finance the equipment necessary for this mission.

- Payment via bank transfer with the name “Greece”

More to come

Many thanks for your generosity and your confidence.
