November Trip

- **Khairiya , - 17 years old is severely disabled. We are financing physiotherapy 3 times a day and the necessary equipment.**
- **Sama , - 12 years old severely disabled. We are also financing physiotherapy 3 times a day and the necessary equipment.**
- **Naima and Barra -, 3 years and 2 years have an autoimmune skin disease: financing of care 3 times a week, bandages, medicines, milk and food.**

Medical Funding

Khairiya is an orphan refugee.

This girl is 17 years old. She is disabled due to an untreated meningitis.

For many years she had been lying on the floor on a cushion. Swiss-Group financed a physiotherapist at the rate of 3 daily sessions and in a few months she started to walk with a walker.
