

Swiss-Group Newsletter July 2019

Currently the association has more than 200 donors who allow us to support 62 orphans in Turkey and Syria.

Living conditions for displaced people in the Idleb region have been very harsh in recent months. Heat, lack of water, food, care.

We discovered an orphanage in the Idleb region, where 225 orphans live, including 155 who have lost both their parents. The other 70 live with their mother, who take care of this orphanage as they can with the limited resources available.

Swiss-Group has sent emergency donations for food and fuel to keep the electricity running. We also bought fans. We are currently trying to find more funds and continue to support this orphanage at our very best.

Children's news

- Ismaël, the orphan who was seriously burned in 2013, underwent his first reconstructive operation. Two other operations are to come. Thanks to your donations, we were able to finance the three operations. His grandmother as well as his brothers and his sister Rime thank you from the bottom of my heart.
